

OLLSCOIL NA GAILLIMHE
UNIVERSITY OF GALWAY

School of Nursing & Midwifery

Attention all Midwives!

ARE YOU... Interested in undertaking a Professional Credit Award module of learning in
HIGH DEPENDENCY MATERNITY CARE

The aim of this Professional Credit Award module is to improve midwives' acute care knowledge in the following subject areas:

Unit 1 – High dependency care in context

Unit 2 – Principles of haemodynamic and respiratory monitoring in the midwifery client

Unit 3 – Medical complications of pregnancy 1: Diabetic disorders; Haematological complications; Septic shock

Unit 4 – Medical complications of pregnancy 2: Cardiac disease; Hypertensive disorders; Liver disorders of pregnancy

Unit 5 – Professional issues and real-life case studies designed to utilise decision making and critical thinking skills

Specific details

- Suited to midwives working in maternity services (public, private or voluntary) anywhere in Ireland.
- Module starts in **January 2026** and is delivered by e-learning and 3 workshop days at University of Galway over a 12-week period. Orientation day is 8th January 2026 ; workshop days are 5th February and 5th March 2026.
- Students may continue to work in their practice setting and apply their learning to practice, thus maximising the impact of the module on client care and service delivery.
- More information is available @ [Professional Credit Award](#). Online applications through [Postgraduate Applications System](#) following link to Adult Learning/CPD/Micro-credential.
- Closing date for receipt of application and supporting documentation is the **31st October 2025**. With queries, please contact Mari Moran (Wed & Fri) Email: mari.moran@universityofgalway.ie
