

Membership of the Academic Promotions Committee, 2020

Membership is normally for three years. *Ex officio* members will serve while in office. Presidential nominees on this occasion will serve for two years, and in future for three. Half of the Academic Council nominees will serve for four years, and in future for three. This is to ensure continuity in the work through rolling changes in membership. Such membership is renewable once only. External nominees are for one year in the first instance, and are nominated by the President following consultation with the academic trade unions.

The membership is intended to represent as broad a range of disciplines as possible, and to be absolutely gender-balanced.
