CHOOSING A CAREER

Choosing a Course

Differences between the BBS and the BComm

The BBS and BComm are very similar courses. Both are Level 8 business degrees and students spend Years 1, 2, 3 and Final Year Placement studying and working together. In Year 4, the BBS students study at Shannon College and focus on general business and advanced hospitality modules and developing strategic hotel management skills. In Year 4, the BComm students study on the Galway Campus, specialising in one business discipline. The BComm students do not take any hotel management modules during Year 4.

Career Opportunities

BBS and BComm graduates have very similar career opportunities. Students from both courses complete their Trainee Management Work Placement at the end of Year 4 and most continue building their careers in hotels after graduation. Both degrees are recognised for acceptance onto Level 9 Masters programmes. The BBS graduates have the advantage of a more rounded hotel management and general business education, while the BComm graduates have the benefit of specialising in one business area.

Transferring between Courses

1. BBS students who wish to transfer to the BComm must achieve a minimum grade average of 70% in Year 1 examinations. Transfer requests must be made in writing to the Programme Leader prior to enrolling in Year 3. The number of transfer places available is limited each year.
2. BComm students who wish to transfer to the BBS must pass all modules in Year 1 examinations. Transfer requests must be made in writing to the Programme Leader prior to enrolling in Year 3.

WORK PLACEMENTS

Year 2: Professional Operative Work Placement

How long is the placement?

12 months (July – June)

What will I do on placement?

The mandatory placement is a professional operative placement, which reinforces the practical training and language studies of Year 1. Students gain experience in at least two departments and will be working at operative level. The work experience improves students' knowledge of industry practice and systems. Students are paid by the hotel and wages vary from country to country.

Where will I be placed?

This year the placement partner hotels are located in France, Belgium, Germany, Luxembourg, Spain, Ireland and the UK. A student's foreign language option and visa requirements determine the placement country. Students benefit both professionally and personally from their work experience during this year.

How will I be placed?

The Shannon College Placement Office organises the work placements on behalf of students. Most hotels require an interview and students are prepared for hotel interviews through the Skills for Work Life module in Year 1. Language skills and performance in Year 1 are considered by hotels and Shannon College in finalising placements. Placement locations are generally announced after Year 1 examinations in May.

Erasmus Funding

Students may be eligible to receive an Erasmus Mobility Grant to support the Year 2 Placement, funded by the EU Lifelong Learning Programme:

Erasmus. Erasmus is the EU's flagship education and training programme enabling 300,000 students to study and work abroad each year. The grant amount varies and will be based on the recognised cost of living in each country.

End of Year 4: Trainee Management Placement

How long is the placement?

At least 9 months until graduation (normally a 12-18 month contract)

What will I do on placement?

The mandatory Trainee Management Placement is the culmination of four years of study, training and development. Students are ready for supervisory roles and to grow into managerial roles. Some hotels recruit students as direct hires for one specific role in a property. Other hotels offer structured management development programmes designed to elevate students to roles of responsibility. Some programmes are specialised in a particular hotel department (e.g. Front Office, Food & Beverage, Finance, Marketing, Human Resources & Event Management) while other programmes are more general.

Where will I be placed?

Current students are placed in properties worldwide. The dynamic growth of the global hotel industry presents great opportunities and placement partners are continuously recruiting students for new and dynamic locations, such as Canada, The UAE, Iceland, The Netherlands, The USA, Australia and more.

How will I be placed?

Leading hotel companies visit Shannon College to recruit final year students onto their trainee management and similar programmes or as direct hires. It is an exciting process for the students as every placement hotel is unique and the opportunities can vary significantly in terms of location, type of property, role, progression, length of contract and salary. Students are assisted by the placement office to decide which career path and roles to pursue. The placement office co-ordinates the hotel visits, applications and interview process. Shannon College has a 100% success rate in placing students.

STUDENT PROFILE

Freddy Allen

Graduate of Class 2024

Rooms Division Assistant Manager at Fairmont Jasper Park Lodge in Alberta, Canada

"Growing up, I was always a personable child. I started working in the hospitality industry at 15 and loved the adrenaline rush of a busy shift. I heard about the course and attended one of the open days. Initially, I was skeptical about leaving Dublin for college, but I was thrilled when I got accepted to study at Shannon College, completing the final year of my programme in Galway majoring in performance management and accounting.

At Shannon, you learn invaluable lessons, from attendance to general life skills. The first month of the first year might seem tough as you adapt to the new lifestyle, but it quickly becomes one of the highlights of your Shannon experience. You meet fellow students who will become lifelong friends. Other highlights include the practical skills you'll carry into your career and the various social events organised by both the students and the college.

I am currently working as an Assistant Rooms Division Manager at Fairmont Jasper Park Lodge in Canada. The area is full of opportunities for exploration, from spotting grizzly bears, elk, and moose to golfing and hiking in my free time.

The hospitality industry offers the chance to travel the world and see fantastic places. If it was not for Shannon College, I don't think I would be where I am today."

Leah McCarthy Cahill

Graduate of Class 2024
Sales and Marketing – W Edinburgh

"The time I spent as a student in Shannon College of Hotel Management was incredibly educational, rewarding and filled with the fondest memories. Being the first in my family to pursue studies and a career in hotel management and with my limited experience of the industry at the time, it was really daunting to choose Shannon College over any other third-level institution. But knowing I had a passion for people and a curiosity about the industry, I followed my heart and can undoubtedly say it was one of the best decisions I've ever made. The engaging lectures paired with exciting practical work placements for students of Shannon pave an exciting path to success within the hospitality industry for those who choose to walk it.

During our College years, my classmates and I were guided by the caring and experienced staff of Shannon, who do their very best to nurture each student's passions and interests within the industry. I was delighted to represent Shannon College of Hotel Management at inspiring events throughout my time, such as the Young Hospitality Summit in Switzerland and the Annual Hotel Conference in Manchester. Shannon College strives to provide these unique opportunities to its students year after year, enhancing their knowledge and skills.

I have been truly supported by the wider Shannon Family when seeking work experience within different areas of the industry, as well as when looking for career advice from knowledgeable leaders in hospitality, as the Alumni of Shannon is so strong. This is one of the countless features that sets Shannon apart from the rest.

It's not all work and no play in Shannon however, and I have some brilliant stories from student life outside of College hours, but those are for another day!

I completed my Final Year Placement in Sales & Marketing in W Edinburgh, as part of Voyager Marriott's Leadership Development Program. Shannon's strong connections within the international hospitality industry afforded me this incredible opportunity to be part of a hotel pre-opening with W Edinburgh.

I am a proud graduate of Shannon College of Hotel Management, and the future of the industry is so bright. I encourage anyone with an interest in the industry to explore what Shannon has to offer – it may be the best decision you'll ever make!"

"After 2 years living in Australia and New-Zealand, I wanted to study closer to my family who are living in France. I was dreaming of studying in an international environment as it was important for me to master a second language. So, when choosing which country to pursue my studies in, Ireland stood out with its hospitable culture, warm atmosphere and welcoming people. It was also very easy to move in and transition into the lifestyle coming from a European country. There are so many supports available in the college itself, with lecturers and staff always there to help you settle in with ease. The students all live in Bunratty Village together and the mix of Irish and International students is such a great way to make new friends. It was my first time coming to Ireland and since the very first day I arrived, I knew I would enjoy my time here."
