***We strongly advise you to check that your optional modules do not clash with core modules!**

**** EV404 - Advanced Field Course in Environmental Science - field trip will take place from Monday 7th- Thursday 10th April 2025**

Please check module Canvas pages for updates - times, venues etc may change at short notice

Key to module codes:

ZO418 - Phylogenetics & Conservation

ZO315 - Biometry

TI311 - Advanced GIS

EOS4101 - Earth Observation And Remote Sensing

BPS405 - Ecology And Conservation Issues

BPS3104 - Plant Interactions

MI4102 - Microbial Ecosystems Services & Systems Biology

MI4103 - Environmental Biotechnology

PH329 - Physics Of The Environment II

AR347 - Palaeoecology - Reconstructing Past Environments

EV405 - Environmental Impact Assessment

EV406 - Environmental Science Seminars

ZO4104 - Zoonotic Diseases
