7. Academic Recommendations:

- **ACADEMIC CULTURE:** HEC Liège is part of a public university with a long-standing tradition of fundamental research. This research is deeply connected to its academic programs. To ensure a successful experience, students are expected to have a solid foundation in mathematics, statistics, economics, and finance.
- **COURSE PREREQUISITES:** Course prerequisites provide essential information about the course level and expectations. Students must demonstrate that they meet these requirements by completing a specific form after their nomination.

8. French Language Evening Course (Beginner to Advanced levels)

Fall S1 - 5 ECTS

Spring S2 - 5 ECTS

⇒ [FRENCH AS A FOREIGN LANGUAGE](#)

9. Learning Agreement

The Learning Agreement (LA) should be sent through the on-line [Application form](#). Erasmus students should send their *Before the mobility* part before arrival. **Exceptional changes** are allowed during two weeks at the beginning of each semester through the *During the mobility* form. Students are invited to use their **home university LA form**.

Fall semester: No changes allowed after September 26, 2025
Spring semester: No changes allowed after February 13, 2026

10. Exams, Grading System and Transcripts

Exams are either **written** or **oral** (with business attire) or **both**. They can be substituted by ongoing assessment or group work (with presentation). Class participation can also be integrated in the final note. Exam information is available in the course description. Transcripts will be sent in **March** (Fall) or **June** (Spring) and in **September** (Retakes).

Grades range from 0/20 to 20/20. 10/20 is the lowest passing grade:

5 REASONS TO CHOOSE HEC LIÈGE

ACCREDITATIONS

HEC Liège is **firmly focused on its students, its alumni and its partners**. The school's commitment to, and continuing investment in quality improvement has been recognized through international certifications including AACSB and EQUIS, two prestigious institutional accreditations. HEC Liège even became the first complete Belgian business school to be doubly accredited AACSB and EQUIS for all of its activities (from bachelor to PhD, Executive Education included).

LOCALISATION

With a population totaling almost 200,000 residents, Liège is the 3rd largest city in Belgium. Its warm and festive atmosphere is one of its greatest assets. Located in the heart of Europe, the beauty of this city and its architecture, both medieval and contemporary, is worth a visit. The city's transportation facilities also allow easy travel to neighboring countries.

CULTURAL DIVERSITY

Cultural diversity is at the heart of HEC Liège. The School brings together nearly 3,500 students of more than 80 different nationalities coming from all parts of the world. This multiculturalism is constantly brewed by the arrival of 300 new international students every year (degree-seeking and exchange students altogether).

CORPORATE PARTNERSHIP

HEC Liège has strong partnerships with companies around the world. They have been building a common history for more than a century and a relationship of trust has emerged at different levels. For students, this entails various opportunities: **an internship at the end of their studies**, the presence of **guest speakers** during courses, as well as the establishment of **academic chairs associating partner companies** that wish to develop innovative skills with the School.

BUDDY PROGRAM

To help international students adapt to their new environment, HEC Liège sets up a buddy program based on common features (academic background, cultural background, language skills,...). On request, each student can be paired with a buddy (a local student) who will assist them and make sure that they feel at home.

WHAT THEY SAY ABOUT THEIR EXCHANGE AT HEC LIEGE

"I'm Abdellah, passionate about Photography and filmmaking, coming from Morocco, and more precisely in the framework of a master degree partnership between my school there, ENCG Settat and HEC Liège. I'm in HEC Liège for the two next years enrolled in a master in International Strategic Marketing. At the beginning, it was so difficult for me to adapt to a new context but since I adore diversity, I just brought my camera and started walking around... At that moment I was falling in LOVE with Liège, I felt connected with every single detail. Every single building was a huge inspiration for me, I found a colorful city. As I meet new people, I merge myself into another culture, where we collaborate together to weave a wonderful story. And that's what I have come for. That diversity which makes us full of art, of love and specially with respect and appreciation."

"HEC Liège is one of the best universities around the world, where an exchange term provided me with an amazing opportunity to explore global MBA programs, their courses and have an international and cultural immersion experience. It helped me learn the diverse curriculum, meet a bunch of amazing people, and travel to various places and explore Belgium. Overall, it has been one of the most incredible experiences being an Erasmus student at HEC Liège, which I am truly grateful for".

Divyansh
Spring Semester

"My experience in Liege has been challenging, my first impressions of the city may have not been the accurate ones, but with the time I understood the dynamicity of the city. Despite of the fact that Liege is not like other Belgian cities, it has a characteristic environment, full of young student's life. The academic system of Liege is very different, the time needed for completing assignments is short, so good team work and stress management skills are highly recommended. The international office has been with no doubt an essential support for exchange students, accompanying students in every step of their experience abroad. I am personally feeling very grateful for all the different topics that Anne Gillet and the different offices have done for me (academically and with personal situations). Liege has definitely been one of the most valuable chapters in the book of my life, I have discovered myself and grown up a lot in different aspects that with no doubt have made me stronger, more capable, braver but humbler at the same time."
